Re: DNFSB Freedom of Information Act Request FY 19-14

Dear Mr. Henry:

The Defense Nuclear Facilities Safety Board has received the attached Freedom of Information Act request (tracking number FY 19-14) from Ms. Emma Best seeking "documents mentioning or relating to Anonymous (the hacker movement/collective . . .) or hactivism (defined as hacking as a form of protest and/or activism) generated between 1 January 2009 and 1 January 2019. . . ."

Among the potentially responsive documents found in the DNFSB's files are fifteen e-mail messages originating in the Office of Intelligence and Analysis. Six of those messages transmit copies of the DHS Open Source Enterprise Daily Digest, and nine cover copies of DHS Open Source Enterprise Daily Cyber Reports. Because those documents originated with the DHS Office of Intelligence and Analysis, we are forwarding them to your office for review and release determination.

So that we can complete our files, would you please send a copy of your response to Ms. Best to the attention of our FOIA Public Liaison, Paul Wilson, either by surface mail addressed to the Defense Nuclear Facilities Safety Board, 625 Indiana Ave., NW, Suite 700, Washington, D.C. 20004, or by e-mail to PaulW@dnfsb.gov.

If you have any questions concerning this matter, please contact Mr. Wilson at (202) 694-7018 or at the above e-mail address at any time.

Sincerely,

Glenn Sklar
Chief FOIA Officer
